

## CALL TO MEXICO IS NOT EXPECTED

### Capt. Walker Says There Is No Danger of Militia Be- ing Ordered Out

For the last two weeks or more rumors have been afloat in this city that the boys of Company L, W. N. G. are liable at any time to be rushed to the Mexican border for active service. These stories, according to D. H. Walker, captain of the company, are not to be believed as there is not the slightest probability that the company will receive a call to duty at this time or at any time in the near future.

All this will undoubtedly come as welcome news to the mothers, wives and sweethearts of the company members but, not so to the boys themselves, who ever since their induction in Mexico assumed serious proportions, have cherished the hope that the United States might become tangled up in the affair so that they might stand a chance of being sent to the front. Every particle of news pertaining to the situation in Mexico is eagerly devoured by the local guardsmen. There are some people who stand back and declare that should the services of Company L ever be required many of the members would have "cold feet" and attempt to avoid duty. To thus accuse the boys is doing them a great injustice. There is not one in the company but who would gladly and readily fight for his Uncle Sam if the occasion should ever arise.

Not long ago Captain Walker received notification from Adjutant General Boardman, of the Wisconsin National Guard, that each company should have a perfect set of signals for mobilization in order that the men could be rapidly assembled. Captain Walker says that similar notices have frequently been received from headquarters and the one coming at this time bears no significance whatever.

**Guard Officers To Texas**  
A despatch from Washington states that two hundred national guard officers will be sent by the war department to Texas and 35 to San Diego, California on April 5 for two weeks instructional service with the mobilized regulars. The department expected to send a total of 1000 militia to the maneuvers at federal expense.

**Illinois is ordered to send 11, Wisconsin 6 and Iowa 5 to San Antonio.**  
Inspection Date Changed

The date of the annual inspection of Company L has been changed from April 14 to April 15. Captain Murphy of the United States regular army is inspection officer. Tomorrow (Friday) night Gen. Chas. King will be here to coach the company. The General requests that visitors remain away from the Armory on this evening.

### AN EFFICIENT OFFICER

**H. P. Peterson, Factory Inspector, Always Attends to Duty.**

Henry P. Peterson of Superior, assistant factory inspector and truant officer, was in the city this week on business connected with his office. He also visited the neighboring small towns, leaving for Prentice and Medford yesterday.

It is no mistatement to say that Mr. Peterson is one of the most efficient factory inspectors and truant officers Wisconsin has ever had. He is always actively engaged attending to his duties and is both a tireless and conscientious worker. Unlike some men who hold state positions he does not go around "four flush-ing" but accomplishes real results as his reports will testify. At one time Mr. Peterson was the editor of a newspaper at Superior.

### PICTURE IN SENTINEL

Last Saturday's Milwaukee Sentinel contained a cut of Miss Dorothy Brown, daughter of Mr. and Mrs. W. E. Brown of this city, who is a member of the "Daisy Chain" at Vassar College.

## PAPER COMPANY LOSES

Concern Is Out Over \$5,000 In the  
Failure of Frank Borth

In mentioning the failure of Frank Borth, an extensive logger at Kempster, the Antigo Republican intimates that among the losers in the deal is the Rhinelander Paper Company of this city.

Borth had a number of camps near Kempster and employed hundreds of men, some of whom it is said, were not paid for their winter's work. Poor management is held responsible for Borth's failure. The whereabouts of the man at this time are unknown. Criminal suits have been started against him by the holders of his worthless checks.

The following is quoted from the Republican:

"As yet it is hard to say what will be the losses in connection with this unfortunate affair. It is understood that the Rhinelander Paper Company have had to pay fiddler to the extent of \$5000 while an Antigo firm has been stuck for almost \$5000. Many merchants have probably lost amounts ranging from \$100 to \$500.

## FIRST GAME ON SUNDAY MAY 21ST

### Rhineland Base Ball Team Now Complete—Wausau Here On Above Date

The base ball season for 1911 will be opened in this city on Sunday, May 21, when Rhinelander will play the Wausau Stars, a crack team of that city.

Chas. Belliel, manager of the local team, has already engaged his players for the coming season. The majority of them are men who were on last year's team and are well known to the Rhinelander fans. The line up as now arranged is as follows:

Arthur Post, catcher.  
M. E. Rudolph, Carroll College, 1st base.  
Richard Cramer, 2nd base.  
Wm. Jastram, 3rd base.  
John Ryan, short stop.  
Joe Poller, right field.  
Vincent Clifford, left field.  
John Sohr, center field.  
Frank Rooney, Joe Hutchinson and Geo. Deacon, pitchers.

The manager is also negotiating with two more men who may be hired.

Nearly all of those mentioned above have signed contracts and will arrive in this city in plenty of time for practice work.

The committee on finance appointed at the recent meeting of the club will commence soliciting subscriptions for the support of the team this week. All fans will be asked to donate as much as they can spare. About \$1,000 is needed for the good cause and the committee members think that they will easily get this amount. A strong base ball aggregation is a boost for Rhinelander and serves to advertise the city among the people on the outside. A town of any size which does not boast of a ball team is looked upon as lacking in push and enterprise. Rhinelander is not this kind of a burg.

### COMFORTS ON THE FARM

W. J. Monahan, proprietor of the Arlington Hotel, is planning to build a house equipped with all modern conveniences on his farm up the Wisconsin river four miles north of this city. The house will be constructed of logs placed upright. It will be lighted by gas and supplied with water and bath. Mr. Monahan says that the man in the country can put on just as much style as his city brother if he only wants to. He and his family will spend the entire summer on the farm where he will do considerable clearing.

Miss Rachael White returned to Lawrence College yesterday after spending the vacation with her parents, Mr. and Mrs. J. N. White.

## SUNDAY CLOSING STARTS APRIL 9

### Rhineland Postal Clerks And Carriers To Rest On The Sabbath

In the opinion of Richard Reed, assistant postmaster, Sunday closing of the post office in this city will be in force for the first time on Sunday, April 9th. After weeks of agitation the postal clerks and carriers throughout the country have succeeded in obtaining a general closing of all the post offices on Sundays. In many of the larger cities the movement has already taken effect and is rapidly extending to all the offices where there is carrier service.

In securing the closing of the Rhinelander post office, the New North, and Dr. Lienfelder, pastor of St. Mary's church are entitled to credit for having first presented the proposition before the patrons. At least a week before even the local postal employees began to discuss the movement this newspaper published an article on the same. Later Dr. Lienfelder advocated Sunday closing from his pulpit and also put in circulation a paper whereby it was possible to ascertain the attitude of the people in the matter. This paper was well filled with signatures.

**Meaning of Sunday Closing.**  
Assistant Postmaster Reed desires to explain to the postoffice patrons the true significance of the Sunday closing order.

Mails will be received and distributed as usual and the regular collections from street boxes will also be made. All special delivery mail will be delivered promptly. Those who have letters of importance which they wish to receive can have same delivered by paying the necessary fee. Business men who desire to get their mail on Sundays will have the privilege of renting boxes at the 4 post office even though their mail is delivered by carriers on other days of the week. The front door of the building will remain open at all times.

## BRACE IS FOUND GUILTY BY JURY

### Leniency Is Recommended In Verdict and The Court Im- poses \$100 Fine

After being out from 9:30 o'clock Tuesday morning until 10:10 o'clock that evening the jury in the case of Wm. Brace, charged with grand larceny, returned a verdict of guilty, recommending that the defendant be shown leniency by the court. In respect for the jury's wishes Judge Reid imposed upon Brace the minimum sentence—a fine of \$100 and costs of prosecution which amounted to \$134.29 or the alternative of 6 months in the county jail.

### OTHER COURT BUSINESS

In the case of the Land and Loan Company vs Mary Kesler a change of venue was granted to Langlade county.

The case of J. T. Rogers vs the Town of Minocqua was compromised and settled.

A judgment of mortgage foreclosure was granted on the property known as the Bibby flats on the north side.

On the ground of cruelty and inhuman treatment a divorce was granted Asemath A. Curry, better known as Geo. Field. A divorce was also given Jas. S. Phillips from his wife, Ella Phillips.

### INJURED BY FALLING

Fred Perron, the popular minstrel at the Alhambra, sprained his right arm by falling down a cellar stairway this morning. The injury greatly inconveniences him.

Sam Perliner went to Mexico this morning.

## HELD FOR ROBBERY

Two Woodruff Men Charged With  
"Frisking" Henry Tinklepaugh

Marshall J. J. Woodruff brought John Howard to the county jail, today, where he will be confined awaiting a hearing before Judge Ames on the charge of robbery. John Dahl, another man arrested with Howard is out under \$200 bonds. Their examination will be April 8th.

The men are accused of having relieved Henry Tinklepaugh of \$100 and his watch while he lay asleep in an alley way at Woodruff.

### ANOTHER COMPANY BUYS BONDS

L. A. Leadbetter, of the city council was in Chigrao during the week on business involving the sale of city water works bonds. Keane & Company, who had agreed to purchase the bonds, declined to accept them and Mr. Leadbetter made the sale to the Continental Commercial Trust & Savings Bank Company for a bonus of \$1,310. This was \$450 below the bid of the Keane Company.

## LODGE OBSERVES 2ND ANNIVERSARY

### Daughters of Norway Celebrate Occasion Last Saturday Evening

Last Saturday was the second anniversary of the organization of the Daughters of Norway lodge in this city. In honor of the occasion the members of the order, together with their husbands and friends, gathered at the M. W. A. hall on Stevens St. in the evening for a quiet celebration.

Those fortunate enough to be in attendance at the event will not soon forget the excellent entertainment provided. A pleasing program of music, both vocal and instrumental, of speech making and literary selections was given. Among the prominent participants were Mrs. Brathagar of Minneapolis, an officer of the Grand Lodge, and H. P. Peterson of Superior.

Mrs. Brathagar talked on the value of the Daughters and Sons of Norway in keeping together the Norwegian people in this country and causing a feeling of good will among them. Her subject and the able manner in which she discussed it elicited the undivided attention of her hearers.

Mr. Peterson, who is somewhat of a humorist, made a droll speech concerning the lodge and the Norwegians in general, which kept the hall in a din of laughter.

Piano duets by the children, vocal solos and singing by the Tuten, then Norwegian male choir, were other delightful numbers. At the completion of the program those assembled partook of a banquet which would even have pleased the fastidious palate of a monarch.

During its comparatively brief existence in Rhinelander the Daughters of Norway lodge has grown to a membership of forty-six and keeps forging ahead. It anticipates a notable increase during the present year.

### BEAVERS ARE INCREASING

At the Beavers' lodge of this city Monday evening, a large class of candidates became members of the order. Following the initiation a banquet was served. With the addition of these new members the Beavers now have a membership of 55 here. Considering that the lodge is not yet six months old its growth has been remarkable. Deputy P. J. Ford and his assistant, H. P. Morrill are hustlers.

**RESIDE AT PEORIA**  
Miss Frieda Laethy, of this city and Fred Danz of Peoria, Ill., were united in marriage by Rev. John Dejung Tuesday evening at the home of the bride's sister, Mrs. Julius Lassig. The young couple will reside at Peoria.

Gust Nagel went to Pelican Lake Tuesday.

## CONTRACT IS LET FOR BANK BLOCK

### Work on The New First Na- tional Building Will Com- mence In Two Weeks

At a meeting of the directors of the First National Bank, Monday evening, the contract for the construction of the new bank building was awarded to Ben Herman & Sons of Manitowoc. The contract was accepted on the commission plan.

The plans for the structure which will be a beautiful one and a pride to the city, were drawn by Purcell Felck architects of Minneapolis. The bank and two store apartments will be on the site of the present bank which will be demolished by the contractors.

It will be of tapestry brick and brown stone, two stories in height with dimensions of 70 feet on Davenport street and 63 feet on Stevens street. There will be a full basement in which will be the heating apparatus. On the first floor will be the bank and two store apartments. There will be three entrances on Davenport St. and one entrance on Stevens St. There will be fourteen large office rooms on the second floor. The interior finish will be in quarter sawed oak with the exception of the bank proper, which will be finished in marble with tile flooring. The building will have a complete system of heating and ventilation and will be strictly up-to-date in every minute detail. The plans are now at the First National Bank where they can be seen by those interested.

Owing to the conditions of the contract it is impossible to obtain an estimate of the cost of the new structure. The material to be used will be of the highest quality regardless of the expense.

It is the intention of the contractors to commence on the wrecking of the present building about April 15. This will be rushed with all possible speed so that work on the new bank can be started about May 1st.

### MAY SECURE VISITING NURSE

The Charity League whose work is giving temporary relief to the most worthy poor, find the field of work too large for the few active members and are considering joining the Associated Charities. Nothing further, however, will be done in regard to this matter until they have the advice of the public in general. The citizens have greatly encouraged the Charity League with their generous support and their aim for the coming year will be the securing of a visiting nurse.

### THESE ARE USEFUL MIRRORS

Chas. Fredrickson, of the City Shoe Store, is handing out some nice souvenirs in the shape of pocket mirrors. These mirrors are constructed so that one can see his entire face and not just a portion of the features. By the use of the little glass members of the feminine sex can readily see if their hat is on straight and thus avoid asking the old annoying question.

### INSPECTS COUNTY SCHOOLS

Geo. H. Drewery, inspector of state graded schools, inspected many of the schools in this county last week. The newspapers at Three Lakes and Minocqua state that Mr. Drewery was highly pleased with the condition of the schools in those villages.

### THE FLAG IS THERE

That Manager Ross of the Hotel Rhinelander is a patriotic citizen no one can deny. He has added to the lobby decorations of his popular hostelry a large American flag which hangs above the fire place. Three cheers for Mr. Ross; he is not afraid to show his colors.

The friends of Mr. and Mrs. Alex McCutcheon, former Rhinelander citizens, will be interested to learn that a son was born to them Wednesday, March 22, at their home at Long Lake.

## RE-ELECT OLD OFFICERS

Entertainment Association Holds Its  
Annual Meeting

The Rhinelander Entertainment Association held its annual business meeting at the city hall, Tuesday evening of this week. The audited report of the treasurer, Chas. Ball, was read and upon motion accepted. The report showed a very favorable balance of \$55 in the treasury, and indicated the favor with which the association had met during the year. The favorable balance will mean that even a better course may be offered next year. The old officers were re-elected as follows: F. A. Harrison, Pres., Ray LaSelle, Sec'y., Chas. Ball, Treas., Executive committee, H. F. Steele, E. O. Brown, Wm. Orr.

### REV. J. D. COLE ILL

Mr. and Mrs. J. D. Cole and children were summoned to Neenah Friday by the serious illness of his father, Rev. J. D. Cole, a Methodist minister widely known throughout the state. Mr. Cole who returned Sunday said that there was scarcely any change in the old gentleman's condition. A letter received yesterday from Mrs. Cole stated that he was resting easily and was suffering very little pain.

## DIES WHILE ON WAY TO ASYLUM

### Sherman Clark Is Victim of Epilepsy On Northwestern Train at Neenah

While being taken to the Northern Hospital at Winnebago, Sherman Clark, who had been committed to that institution from this county, died on a Northwestern train just after leaving Neenah, Thursday afternoon. Death was due to epilepsy.

The patient was in charge of Under-Sheriff Asmundsen and Ward Crofoot.

For three days previous to leaving this city Clark was confined in the county jail and appeared to be in perfect physical health. It was not until he was removed from the jail to the Northwestern depot to await the arrival of the train to Winnebago, Thursday forenoon, that he gave evidence of being an epileptic. While at the station he had two bad attacks but soon recovered. From this city to Neenah he stood the journey well although his escorts gave him every care and permitted him the comforts of the parlor car. After the train left the Neenah depot Clark suddenly had a violent spasm in which he expired before it was possible to get medical aid.

The body was brought to this city Friday and an effort made to locate Clark's relatives. Three telegrams sent to an Indiana town where it is known he had people brought forth no response. A brother who is thought to live at Eagle River was also notified with the same result. The remains were finally turned over to Peter Doyle, poor commissioner, who buried them at the expense of the county. Clark was 43 years of age.

### F. HIRZY LEAVES

Family Moves to Grand Rapids, Wis., Wednesday morning

F. Hirzy and family departed Wednesday for their future home in Grand Rapids, Wis.

Mr. Hirzy, whose health for the last year has been poor, will take an extended rest from business cares, after which he will become a partner of his brother in the management of Grand Rapids' oldest jewelry store.

In the removal of Mr. Hirzy, Rhinelander loses a good business man and citizen. The well wishes of a large circle of friends accompany him and his family to their new residence.

### SAW MILL TO START

The repairs to the Stevens Lumber Company's mill have been finished and the plant will commence operations either tomorrow or Saturday. A big cut is planned and many men will be given employment.

## EVENTS OF WEEK IN OTHER TOWNS

Items of More or Less Importance Boiled Down From Neighboring Exchanges

### Merrill

The proposed new shoe factory for this city looks like a sure thing. Stock to the amount of over \$10,000 has already been subscribed by local business men and the committee in charge of the soliciting are adding new names daily. The plan is to incorporate at \$25,000. The matter will not be rushed through at this time, but will be pushed along gradually until the required capital is secured. In the event that the plant is built it has been proposed to place Chris. Bolum, a practical shoe manufacturer of this city, in charge.

### Hayward

Supt. W. A. Light of the government Indian Industrial Training School near this city, has been appointed agent of the Court O'Reilly's Chippewa Indian reservation, this county. His bonds for the position are \$75,000 an amount three times as much as required from him as school superintendent. Mr. Light will assume his new duties April 1.

### Oconto

There are fair prospects that an \$18,000 cannery will be built in this city. Local capital has been interested by a subscription committee appointed at a business men's meeting and the response has been liberal. The plant will have a capacity of 1,000,000 cans a season and 125 hands will be employed. At the start sweet corn will be the staple product and peas and beans will follow. With a successful beginning it is contemplated that the company will expand to embrace all lines.

### Ashland

Shortly before her death Mrs. Jane

C. Newell-Boyd, who died recently in a hospital here, made a will whereby she left all her property in Washburn to Bayfield county for an orphanage. It will be known as the Newell Orphan's Home in honor of her parents. The property left by Mrs. Newell-Boyd includes a fine home in Washburn, and all of her personal effects, which are to be sold, together with the proceeds from bonds and money left by her and the amount is to be used for establishing and maintaining the orphanage. Attorney McLeod, of Washburn, is to appoint five trustees to take charge of the institution.

A blacksmith named Parent, who has been working in a lumber camp near this city, may sometime become the possessor of a fortune as the result of a discovery which he made some time ago, that of welding copper. Parent claims that he has been offered \$33,000 for the secret, but this he has refused in the hope that he will receive a much larger amount.

### Marinette

After serving over four years as county clerk, James Van Camp has resigned and H. B. Pederson, chairman of the county board, has been appointed to succeed him. It is charged that Van Camp was unable to explain a discrepancy of \$400 in his accounts. He is at present in Milwaukee. John Stovel of Peshigo, has been selected as county board chairman and an expert accountant will be hired to go over the books in the county clerk's office and straighten out the tangle.

### Marinette

Sugar beet pulp, the material left after the best particles have been extracted for sugar, will be used for a new purpose by the Menominee River Sugar Company which controls one of the largest plants in the entire country. Thirty thousand sheep have been purchased by interests affiliated with the company, and the product from the factory will be used for the winter feeding of the animals. Heretofore beet pulp has been used chiefly as a stock food by the small farmer. This is the first instance where the product has been tried out on such a large scale.

Eagle River  
That the St. Paul railway company is contemplating regular train service next summer on the Bluebell branch, and also the building of a depot near Tenderfoot and High lakes, is the report now in circulation. The "Bluebell" line extends from Boulder, north into Michigan. Providing the service is put on it will be of much benefit to the proprietors of summer resorts in that lake region.

Assembly bill No. 586 providing for alteration of the boundaries of Price, Bayfield, Ashland and Sawyer counties and creating a new county of Park, was recommended by the committee on counties for indefinite postponement. This practically means that the bill has received a death blow which fact is received with gratification by the people of Price and the other counties interested.

Escanaba  
When the employees were paid last week by the Escanaba Manufacturing Company, the largest makers of butter dishes in the world, the checks bore the words, "Not to be cashed in saloons." Heretofore eighty-five per cent of the checks have been cashed in saloons.

### Antigo

John Beckerleg, a farmer of Dodgeville township, Langlade county, has one of the most prolific breeders in his flock of ewes, doubtless known to the state. She has given birth to no less than eleven lambs in the last two years, which, when the high rate of four per year is considered, which was her first year's record, her subsequent year is all the more remarkable. Of the last year's birth one set was triplets and two of them had to be brought up on bottles but they are alive and husky, despite.

### Park Falls

Advises received from the Director of the Census at Washington, D. C., give the official population of Park Falls as 1972. This is some what of a surprise to the people of the city as it was estimated that the population would far exceed the 2000 mark. At a special census of the place taken in 1906 the population was 1595. Park Falls has had a flourishing growth in the industrial line within the last five years but

to all indications has increased very little in the number of new residents.

## TESTED AND PROVEN.

There is a Heap of Solace in Being Able to Depend Upon a Well-Earned Reputation

For months Rhinelander readers have seen the constant expressions of praise for Doan's Kidney Pills, read about the good work they have done in this locality. Not another remedy ever produced such convincing proof of merit.

Mrs. A. Gruebel, 823 Arbutus St., Rhinelander, Wis. says: I have used Doan's Kidney Pills and have found them to be just as represented. When I recommend this remedy, I know that I am praising a good medicine for kidney trouble. I had an attack of this complaint and was suffering quite severely when I got Doan's Kidney Pills at Reardon's Drug Store. Soon after I began their use, the pain disappeared and I felt much better in every way. (Statement given May 31, 1907.)

## Re-Endorsement

On November 2, 1910, Mrs. Gruebel said: "I gladly recommend Doan's Kidney Pills again. Whenever I use this remedy it brings the best of results and I have thus been convinced of its merits."

For sale by all dealers. Price 50 cents. Foster-McIlburn Co., Buffalo, New York, sole agents for the United States.

## MAY BE COMMON CAT

County Clerk Carr Thinks Bounty Fraud Was Worked

County Clerk Carr believes that a pelt said to be that of a wild cat, which was presented to him for a bounty Tuesday, is nothing more or less than the hide of a common gray house cat. Mr. Carr paid the county's share of the bounty only on the strength of the certificate which the owner presented from the clerk of the town in which the animal was killed.

Mr. Carr did not destroy the pelt but will send it to Madison for expert examination. (This may be an attempt to defraud the county and state of bounty money. The report from Madison will be awaited with interest.)

## PRIZES FOR GOOD MENUS.

The patient housewife who is trying to cater to the needs of her family on a moderate income has to solve daily the same old problem, "What shall I cook for breakfast, for luncheon, for dinner?" The very monotony of the question gets on one's nerves, and there is a lot of real difficulty in planning a wholesome variety for each day. The Chicago Record-Herald has mercifully come to the aid of puzzled housewives by printing in each issue a set of three menus, with recipes, under the title, "Meals for a Day." What is more, it gives four cash prizes every week for the best of these menus, and women all over the country are invited to compete. The terms of award and the names of the latest winners may be found in any Monday issue of The Record-Herald. That is the day, too, when the "Martha Management" column appears, with its helpful hints and advice to cooks and housekeepers. Marion Harland's Sunday page, also gives a group of selected recipes, which if cut out each week and kept in a scrap book will make a most valuable collection. Women not familiar with the prize menu feature of The Record-Herald should investigate it at once. Many have found it a handy means of getting fresh ideas and securing cash for those they already have.

## How to Cure Chronic Colds and Bronchitis

Bluevale, Ont., May 4, 1910.

"I was sick for two years with a chronic cold and bronchitis, and a consequent run-down condition. I received no benefit from doctors, and had to give up work. VINOL was recommended and from the second bottle I commenced to improve—I gained in weight and strength, my cold and bronchial trouble disappeared, and I am at work again. I want to recommend VINOL to anyone who is in need of such a medicine."—THOMAS HIGGINS.

It is the combined action of the curative elements of the cold's liver aided by the blood making and strength creating properties of tonic iron contained in VINOL which makes it so successful in curing stubborn colds and bronchitis.

VINOL is a constitutional remedy for chronic coughs, colds, bronchitis and pulmonary troubles, not a palliative like cough syrups.

Try a bottle of VINOL. If you don't think it helped you, we will return your money.

#### THE NEW NORTH. THE NEW NORTH PRINTING CO. MARCH 30, 1911.

It is learned that H. E. Knapp is again to be a candidate for chairman of the town of Pelican. When Mr. Knapp served before he was a good member of the county board. We understand that there will be a vigorous fight for the office between Mr. Knapp and the present incumbent, Everett Towse.

#### THE NEW YORK HORROR.

As a result of the fire in New York recently we may now expect to see the usual American investigation, long drawn out and resulting in nothing worth while. Probably the greatest negligence in our cities is shown in the utter neglect of and carelessness in dealing with the protection of life and property from fire. Here was a ten story building in the largest city in the country, inhabited daily by nearly two thousand souls and with but one small fire escape. The report of the fire commissioner shows that if there had been no panic and if the occupants of the building had marched out rapidly and in order it would have taken about four hours to empty the building with the means provided. As a result some one hundred and fifty poor girls lost their lives, an additional sacrifice to the greed of the property owner for additional dividends. The Fire Commissioner of New York states that there are some 3,000 buildings that have come to his attention that are in the same condition. What is the matter with our municipalities? We have laws enough and to spare to cover all these cases but they are not enforced. In our large cities we have building inspectors whose duty it is to enforce the laws regarding protection and erection of proper buildings. Like the Slocum horror in New York this terrible disaster will undoubtedly cause a temporary awakening and then our officials will go to sleep again. We must stay awake on this matter. The Fire Fiend is "on the job" every day twenty-four hours and we know not when it will be some building holding our loved ones that will go to feed him. Let the proper authorities see to it that no bad conditions are allowed to exist for a moment. Keep the rubbish cleared out, the wiring in good shape, exits pro-

erly approachable, and enough of them. Then only can we rest easily.

#### NORMAL IS WANTED BUT--

What good does it do to cry through the columns of a newspaper that Rhinelander needs a Normal school when the people themselves sit still and do nothing? A hearing on the Normal school bill was held at Madison Tuesday. D. B. Stevens, assemblyman from this district, endeavored to urge a committee to be present and present Rhinelander's claims for such an institution. What was the result of Mr. Stevens' efforts? Not one person in this city went to assist him in his fight. Single handed he must necessarily lose the greater share of his force and some other city will capture the prize. To be sure Rhinelander wants a Normal school if it can be had for the mere asking. But, Mr. Stevens, please don't urge the people to exert themselves for it—they would much rather remain at home and let you do what you can. Committees from other cities are after the school out, Rhinelander doesn't seem to be in such an ambitious class.

#### ELECT EXPERIENCED MEN

Next Tuesday is election day and in most cases there are several candidates, one of whom has served in his present capacity. All other things being equal we believe it advisable to re-elect men who have had the experience. Of course many times this is not a safe rule but if the man is faithful to duty and competent, he is entitled to re-election. More service is what the public wants and the man who has proved satisfactory is of more value to the public than a new man. It takes a term to get acquainted with the duties of the office. City Attorney Steele has given the city splendid service and has no opposition for re-election. City Clerk, Swedberg, is opposed by two other candidates. We believe Mr. Swedberg is a good official and should be re-elected. Sam Moberg, candidate for street commissioner, is a faithful and competent public officer and we believe should be re-elected. W. B. LaSalle, candidate for the re-election as Justice of the Peace, is without opposition. He is a good conscientious official. Pat Cain, candidate for re-election as Alderman of the second ward, we be-

lieve, has aimed to work for the best interests of the city and should be re-elected again. Frank Pecor, alderman in the third ward is opposed by a new man but we think Frank's record as an Alderman entitles him to re-election. In the fourth ward Prescott Calkins is again a candidate for Alderman, his record will without doubt return him to office. In the fifth ward two men with experience as council men are candidates for Aldermen, Louis Stumpner, who has served three terms and James L. Baker, who has served one term. There is also a sharp contest between Arthur Taylor, who has served as supervisor of his ward several terms and was elected as chairman of the County Board, three terms for the office of supervisor, and F. E. Parker, who has served one term. In the sixth ward Wm. Gilley is again a candidate for Alderman and his past good record in behalf of the public should give him re-election. We shall await results and give our support to the successful candidates if they prove worthy.

#### THE RHINELANDER LIGHTING CO.

In view of the fact that a showing of HIGH valuations and HIGH operating expenses is of prime importance to a public utility as a justification for high rates, and of the effect a reduction of the amounts charged to these items would have upon the lawfulness of rates charged the public for service, considerable space has been devoted in past issues to an examination of these questions as applied to Rhinelander Lighting Company.

A brief review of the items already discussed, showing the amounts reported to the Commission by the company, and our estimates of the amounts that would be allowed by that tribunal if the reports were verified, may be interesting. Reasons for the conclusions reached by us have been given at length in prior issues, and these conclusions have been reached only after careful analysis.

The amount reported as the cost of its plant and equipment is \$109,407.48; our estimate, \$35,807.73; difference, \$73,599.75; this difference being the result of eliminating two charges included in the total cost, namely, Franchises—\$24,663.80, and Rights, Licenses, etc.,—\$48,935.95. One of the charges reported as an operating

expense is Executive Officers and Salaries \$5580.00; our estimate of the amount that would be allowed by the commission is not more than \$1800.00; difference, \$3780.00. Total operating expenses reported, aside from taxes and depreciation, \$16,290.88; our estimate, not more than \$10,000. We have also shown that the gross operating income from the plant for the last year reported was \$20,649.48; that of this amount over \$15,000 was paid for commercial lighting and nearly \$5,000 for street lighting; and that as compared with the income of \$15,000 from private consumers, the city of Rhinelander, during the same year, received as a return on its water works plant actually costing more than \$100,000, from private consumers, something like \$7200.

Investors in a public utility are entitled to a reasonable return on their investment at a FAIR valuation. This might mean seven or eight per cent. A net return on \$109,407.48 at 8 per cent. would mean \$8,752.59; on \$35,807.73 it would mean \$2,864.62. If the Commission should come to Rhinelander and cut down the reported valuation of this plant to \$35,807.73 would it affect present rates? If in addition to this the operating expenses were cut from \$16,290.88 to \$10,000 would it affect present rates? Before discussing other features of this question we leave the public to reflect over these figures.

#### CAPITOL BUILDING BURNS

One third of New York's \$27,000,000 Capitol was destroyed by fire yesterday. It was one of the finest Capitol buildings in the U. S. The cause of the fire is a mystery.

Arthur Meen of the Rhinelander Creamery left this morning for St. Paul and Eau Claire.

Before returning he will visit the large ice cream manufacturing in those places. The Rhinelander Creamery Co. will make a great specialty of the ice cream business the coming summer.

Mr. Kruckeberg has made arrangements so that there will be a complete change of pictures at the Bijou every night beginning next Sunday. At the Opera house, there will be 5000 feet of new film every Saturday and Sunday night. It is Mr. Kruckeberg's intention to do all he can to give the public the best service possible and he is sparing no expense to do this.

Miss Helen Forbes came home from Grafton Hall, Fond du Lac, this afternoon for her vacation.

Miss Minnette McCann, teacher at Enterprise, is ill with scarlet fever in this city.

Mrs. Wm. Villas left for her home at Grand Rapids, Tuesday after an extended visit with her father, M. Mahoney and sister, Mrs. P. H. Flatler.

Miss Bessie Anderson entertained at a birthday party Tuesday afternoon, March 23. There were fifteen girl friends present. She was presented with a number of pretty gifts.

Pat Cain, Alderman of the second ward, was called to his home Tuesday night and upon his arrival there was greeted by a large party of friends who had gathered to celebrate his birthday. The evening was pleasantly spent at cards after which supper was served. Pat was presented with a number of gifts.

### CLERK OF TACOMA

#### Homer Edwards Holds Important Office in Western City

Again has the logic of Horace Greeley's famous advice to young men "Go West," asserted itself. Homer Edwards, a former Rhinelander boy, who with his parents, Mr. and Mrs. Oscar Edwards, moved to the Pacific coast about seven years ago, is now City Clerk of Tacoma, Wash. Homer, who until Monday March 20, was deputy City Clerk of the western City, came into his present high place suddenly and under unusual circumstances. Tacoma is under the commission form of government. W. H. Cushman, who has long been City Clerk there, was ousted by the commission for alleged discrepancies in office. As soon as position was declared vacant the Commission at once appointed Homer. The entire proceedings took place so rapidly that the young Clerk was at a loss to know just what to do. In the meantime the charges against Mr. Cushman will be investigated. Should Homer retain the important post there is no question but that he will "make good."

Fresh stock of crisp crackers always at Markham & Parker's.

Mrs. Stata returned Saturday from a visit with her husband's people at Antigo.

The Ladies' Aid of the German Lutheran church will meet with Mrs. August Zehms at 909 Arbutus Street, Thursday April 6.

Oconto has passed an ordinance which will make all single men over the age of twenty-one years pay a tax. Whether the tax is being imposed in order to have the young men of the town marry and settle down early or whether it is to raise funds as was stated, has not yet been determined. It is more than probable that many bachelors residing in Oconto will live in other cities within a short time.

## Just In For Easter

You are invited to inspect our display of the new Spring Shoe Fashions. Particularly do we direct attention to the new "Dorothy Dodd" Oxfords and Pumps. Not only will they appeal to your artistic sense, but the very stamp on the sole is the double assurance that the quality is honest through and through. And think what this means when, because of the high cost of leather, so many shoes have been deliberately cheapened to deceive you into the belief that you are getting former values at old prices!

Against this deception the very prestige of the "Dorothy Dodd" trademark is your protection. It's makers cannot afford to lower the standard by which it has achieved the most phenomenal shoe success ever known. If you would have prettier and more stylish feet, let us fit you with a pair of these new "Dorothy Dodd" Oxfords and Pumps. They come in all styles and leathers, and for all services—color white, tan and black.

#### WELL-KNOWN PRIEST HERE

Very Rev. Father A. Babinski, coun-  
selor to Bishop Schinner of the Su-  
perior diocese, was the guest of Rev.  
Father P. Raczkas of St. Joseph's  
church, Saturday and Sunday. He as-  
sisted at thirteen hours devotion ser-  
vices Saturday and delivered two  
sermons, Sunday morning and even-

ing. While in the city he visited  
St. Mary's hospital and was a guest  
at dinner at that institution, Satur-  
day. Father Babinski returned to Su-  
perior, Monday.

#### FLASHES FROM THE HEADLIGHT

Bits of News Pertaining To  
The Soo and Northwestern  
Railroads

A few nights ago the Soo depot at  
Ladysmith was robbed of \$30. The  
money was taken from a cupboard  
during the temporary absence of the  
night operator. The thief was evi-  
dently familiar with the depot and  
the habits of the employees although  
he has not as yet been detected.

Howard Dawson, who is employed  
in the train service on the Soo line  
Chicago division, is spending the  
week at his home here. He runs  
between Stevens Point and Irvine.  
Hervey Johnson, another Rhinelander  
boy, is a brakeman on the same  
road.

From the increase in passenger traf-  
fic since the first of this month the  
railway trainmen are also well aware  
that spring is here. Nearly all of  
the Northwestern and Soo passenger  
trains which pass through this  
city are comfortably filled with trav-  
elers. From now on until the ap-  
proach of another winter the ticket  
men look for a brisk sale in paste  
boards.

It is said that the parlor car on  
the Northwestern day trains through  
Rhinelander will continue in service  
and not be taken off as was rumo-  
red a short time ago. People have  
learned that this car affords many  
comforts not to be found in the or-  
dinary coach and is very convenient  
in long distance trips.

The Soo line has made an appro-  
priation of \$25,000 to be used in the  
development of a high power stump  
pulling machine to be built on the  
lines of the power skidders now in  
use in the lumber woods. The ap-  
propriation was made to assist the  
settlers in preparing the land for  
the plow.

Sixty-five miles of new railroad con-  
necting Frederic with T. Foxboro on  
the Brocken branch will be built by  
the Soo line. This gives the Soo a  
direct and short line between  
Sanite Ste Marie and the Twin Cit-  
ies.

#### BUILDS PACKING HOUSE

Julius Prenzlow, at one time  
meat dealer of this city now in the  
same business at Clintonville where  
he is also mayor, is about to start  
building of a meat packing plant  
in that city. For some years past  
Mr. Prenzlow has supplied poultry,  
pork and beef to a large number of  
dealers in northern Wisconsin. He  
recently engaged the services of a  
traveling salesman who makes this  
territory regularly. His new packing  
house will afford employment for sev-  
eral men and will be a strong indus-  
trial boost for Clintonville.

#### To the Voters:—

I hereby announce that I am a can-  
didate for the office of street com-  
missioner and ask the support of the  
voters and tax payers at the city  
election Tuesday, April 4. If elect-  
ed, the people of Rhinelander may  
be assured that the affairs of the  
office will be efficiently and prompt-  
ly conducted in the future as I  
have aimed to do in the past. Your  
vote will be appreciated.  
m16-30 SAM MOBERG.

#### To the Voters:—

I announce myself a candidate for  
the office of Street Commissioner on  
the non-partisan ticket to be  
voted for Tuesday, April 4th. If  
elected I promise to perform the du-  
ties of the office in best possible  
manner. Your vote will be thank-  
fully received.  
m16-30 JAY RUSS.

#### To the Voters:—

I announce myself a candidate on  
the non-partisan ticket for the of-  
fice of City Clerk to be voted for  
Tuesday, April 4th. If elected I  
promise to faithfully perform the  
duties of such office to the best of  
my ability. Your support will be  
heartily appreciated.  
m16-30 JOHN J. VERAGE.

#### To Every Voter of Oneida County:—

I take this occasion to announce  
myself, a candidate for the office of  
Municipal Judge. I seek the office  
on strictly non-partisan principles.

The main principle in my plat-  
form is this: The judiciary should  
apply the laws, never create them or  
tear them down.

If you are not personally acquaint-  
ed with me, speak with your friends  
who are, for I need your vote.

ROBERT J. MORTER.

#### To the Citizens of Rhinelander:—

I hereby announce myself a can-  
didate for re-election to the office  
of City Clerk, and earnestly solicit  
the support from the tax payers and  
voters at the coming Municipal elec-  
tion to be held April 4th.

During the last few years I have  
had almost unanimous vote of the  
City Council, who up to this time  
had the choice of electing a man to  
fill said office.

If favored with another term I  
pledge myself to look after the many  
duties connected with said office, as  
well as in the past.

Yours most respectfully,  
GUST SWEDBERG.

#### To the Voters:—

I announce myself a candidate for  
re-election to the office of alderman  
of the Second ward and earnestly sol-  
licit your support. Your vote will be  
appreciated.  
m23-30 PAT CAIN

#### To the Voters:—

I wish to announce myself as a  
candidate for the office of City Clerk  
not as an individual, but as a mem-  
ber of the Social Democratic party,  
which believes that the workers should  
have the full social product of his  
toll; that human right should be a-  
bove property right and that capital-  
ism and wage slavery must go, and  
be substituted in its place co-oper-  
ation and machine slavery. If elected  
to the office I will do everything  
within my power to bring about  
the much needed change.

As to my ability to handle the busi-  
ness part of the office I print the  
following letter, which speaks for it-  
self.

LYNN THOMPSON.

To whom it may concern:  
This is to certify that the bearer,  
Mr. Lynn Thompson, was a student in  
commercial department of the Duluth  
Business University for upwards of  
four months, during which time he  
acquired a sufficient knowledge of  
bookkeeping, and its kindred branch-  
es to enable him to keep any ordinary  
set of books. We found Mr. Thompson  
a persevering, energetic student, and  
have reason to believe that he will be  
thoroughly reliable in any position of  
trust committed to him.—Very truly,  
W. C. McCarter

#### To the Voters:—

I announce myself a candidate for  
re-election to the office of municipal  
judge and solicit the support of the  
people. Your vote will be appreciat-  
ed.  
D. H. WALKER.

m23-30

#### MUNICIPAL JUDGESHIP

The office of municipal judge  
which is one of the most important  
county offices, is to be voted for at  
the coming election, Tuesday, April  
4. It appears to me that it is the  
duty of every voter in the county to  
consider seriously this matter and  
vote as his best judgment directs.  
I hereby announce myself as a can-  
didate for re-election to this office and  
will appreciate your support and  
vote.  
D. H. WALKER.

N. T. Baldwin Resumes His Old  
Trade Of Paper Hanging

N. T. Baldwin startled all his  
friends a few days ago when he ap-  
peared on the streets in garments  
daubed with paint, paste and white  
wash. The explanation for this  
change from his usual neat attire  
was made clear by the statement that  
he had resumed his old vocation of  
painting, paper hanging and kalsom-  
ining. Although quite a stretch of  
years has elapsed since "Baldy" for-  
sook hard work to play the game of  
politics yet, he asserts that he has  
not lost any of his ability as a  
workman, and can swing the brush  
with as much dexterity as in days of  
yore. He has already been besieged  
with calls for his services and hopes  
to experience no difficulty in keeping  
busy this spring. Watch for his ad  
in the New North.

Foley's Kidney Remedy a quick relief  
and permanent benefit from kid-  
ney and bladder ailments and, from

## WHY THE FARMER SHOULD BUY HERE

## McNaughton Man Does Not Wholly Agree With Mason Miller's Opinion

Editor New North:

Mason Miller's article in the last issue of the New North, in which he told why the Rhinelander merchants are not entitled to the farmer's trade, has attracted my attention and in reply I would like to ask Mr. Miller how many hitching posts Sears Roebuck & Co., provide for the farmer. And this is not all—do the mail order houses extend the farmer credit when he needs the goods but does not have the money? Do they carry his name on their books for weeks and even months as the home merchant is often obliged to do? The answer is easy. Everyone knows that the outside firms demand cash with the order and they do not do business in any other way. When the goods come and if not satisfactory the farmer has got to stand the loss, while Sears Roebuck or whatever concern it may be, turns a deaf ear to his complaints. I agree with Mr. Miller that hitching posts and public horse sheds are needed here but, I do not think that the farmer should find this an excuse for sending his trade out of town. I feel sure that if the merchants were approached in the right way they would see that the posts and sheds were furnished.

In regard to the farmer being forced to peddle his produce about the city in order to dispose of it, I will say that if his prices were right in the first place he would have no trouble in selling his produce to the merchants. Some farmers demand such high prices for their truck that a store keeper is unable to purchase and dispose of it at a profit. Even the house wives often buck on paying his prices.

Please think this over Mr. Farmer and hereafter boost for Rhinelander. JOHN WALKOVIK, McNaughton, Wis.

## THE MUNICIPAL JUDGSHIP

The Municipal court of Oneida County as created by the legislature of Wisconsin is empowered and does handle a large amount of criminal and civil business each year. Practically all actions both civil and criminal within its jurisdiction, that originate in the county are first brought in this court.

It is a matter of no small moment both to the individual and the public at large that the municipal judge shall possess ability and a knowledge of law that will enable a greater portion of litigation to be adjudicated in his court without necessity of appeal. Judge D. H. Walker during the past four years has passed on many cases involving intricate questions of law and his decisions have been almost uniformly sustained.

The Herald believes the voters should seriously consider the importance of this court in its relation to the judicial affairs of Oneida county. It is a question of greater moment than might appear at first thought. Before casting your ballot look into the matter and do not let your prejudice or sympathy outweigh sound judgment.—Rhinelander Herald, March 23.

## SEARCHING FOR WIFE DESERTER

Al. Amundsen, sheriff of Door county, was in the city last Friday. He is a brother of under-sheriff Chas. Amundsen and about ten years ago made his home here.

Sheriff Amundsen came to Rhinelander in search of a man who was wanted for abandoning his family at Sturgeon Bay. The fellow was later located at Mattoon and taken into custody.

## NOTICE OF ELECTION

Office of the City Clerk,

Rhinelander, Wis., March, 30, 1911.

To the Electors of the City of Rhinelander:

Notice is hereby given that a Municipal election is to be held in the several wards of said City of Rhinelander on the 4th day of April A. D. 1911, at which the officers named below are to be chosen. The names of the candidates for each office to be voted for whose nominations have been certified to this office, are given opposite the title of the title of the office, as stated below.

## INFORMATION TO VOTERS

The following instructions are given for the information and guidance of voters: A voter upon entering the polling place and giving his name and residence, will receive a ballot from the ballot clerk which must have endorsed thereon the names or initials of both ballot clerks, and no other ballot can be used. Upon receiving his ballot the voter must retire alone to a booth or compartment and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner whom to vote for.

To vote for a person make a cross X in the square [ ] under the printed name of such candidate for the office.

If the voter wishes to vote for a person for certain office whose name is not on the ballot, he must write the name in the blank

space under the printed name of the candidate for the office.

The ballot should not be marked in any other manner. If the ballot be spoiled, it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all shall be issued to any one voter. Five minutes time is allowed in the booth to mark ballot. Unofficial ballots or memorandum to assist the voter can be taken into the booth, and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter. After it is marked it should be folded so that the inside cannot be seen but so that the printed endorsements and signatures of the ballot clerks on the outside may be seen. Then the voter should pass out of the booth or compartment, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box, and pass out of the voting place.

A voter who declares to the presiding officer that he is unable to read or that by reason of physical disability he is unable to mark his ballot can have assistance of one or two election officers in marking same to be chosen by the voter; and if he declares he is totally blind he may be assisted by any person chosen by him from among the legal voters of the county. The presiding officer may administer an oath in his discretion as to such person's disability.
